Pro Wrestlers

wXw is a story-telling pro wrestling product with currently between 70 and 80 events per year. We are looking for quality wrestlers to join our product for a longer period of time (minimum of 6 weeks). We are not looking for wrestlers to wrestle singular events or a 2-week-tour for us.

Please send in a typical wrestling c.v. including years of experience, number of matches, your trainers and references to the email address mentioned above. Please also include:

- fullbody promotional pictures
- a video highlight reel
- a video promo
- a short 5-8 minute match

Please regard that applications without the necessary footage cannot be considered.

We can accomodate wrestlers at an apartment located near our head quarters and wrestling school. Wrestlers of a certain quality also receive the chance to hold class at the wXw Wrestling Academy and thus earn a little extra money. Also, working for other promotions on off-days is possible.

Should you not possess the necessary quality to join our roster right away, you can always book a stay at the Wrestling Academy and participate in our daily training classes. There a numerous examples of current international wrestler who have gotten their start with wXw like this and have graduated from Academy stays to roster members who now parttake in our tours. **Should you be interested in an Academy stay, please message to info@wrestling-academy.de**
